SUPPLEMENT TO
REPORT NO.

THIS IS UNEVALUATED INFORMATION

50X1-HUM

1. The Tandarei airfield is located in a wooded area north of Hagieni and north of the road Tandarei - Harsova. This landing ground measures 800 by 700 yards.
2. Construction on this airfield was started before World War II and was completed by the Germans in 1941.
3. In January 1951, the airfield was occupied by the Soviet Air Force and some unspecified twin and four-engined aircraft were dispersed along the edge of the forest or in Hansa shelters.
